YOUR WORK. YOUR VEHICLE. TRUST

# KNAPHEIDE KUV

Working out of a Knapheide KUV keeps you organized and productive. Large perimeter bins are easy to access and keep your parts and tools separated into easy to manage spaces.

The Knapheide KUV is available in multiple heights and lengths for different applications. It is designed to increase productivity and efficiency through better organization of parts and equipment for specialty contractors including plumbers, HVACR technicians, electricians, and more. No more looking for what you need, just grab and go!

## STANDARD FEATURES

- A** Double panel rear cargo doors lock and seal into the body frame. These 20 gauge galvalume steel doors have nitrogen gas struts, slam latches, and 9"x30" glass windows with guards.
- B** Two conduit chutes to transport copper pipes, PVC, and conduit
- C** Power locks on rear cargo doors and all side compartment doors offer enhanced operator convenience, system includes two key fobs (Conduit chute doors do not have power locks.)
- D** Rear vertical compartment contains 1 adjustable divider shelf warranted to hold up to 250 lbs.
- E** Vertical compartment doors employ double spring-loaded, over-center retainers for elimination of involuntary swing
- F** Horizontal compartment contains 1 adjustable divider shelf to hold up to 250 lbs. (passenger side only)

\*Body may be shown with optional features

### CARGO AREA AND CONDUIT CHUTE CAPACITY:

10' in the 129" bodies  
12' in the 153" bodies

- G** Automotive door seals for protecting your tools and parts from the elements
- H** Front vertical compartments contain 2 adjustable divider shelves warranted to hold up to 250 lbs. each
- I** "Pry-Proof" stainless steel hinges for security
- J** Refined, automotive quality, paddle activated rotary style latches make opening and closing easy. Low maintenance and stylish, the latches are covered under Knapheide's six year warranty. Interior covers secure the latch to the door and protects latch mechanisms from being damaged.
- K** Spacious cargo storage area for transporting drywall, larger tools, water heaters and oversized items
- L** Sliding cab access door window can be locked from the cab and secured in either an open or closed position
- M** Two interior dome lights in cargo area with light switch inside the cargo doors
- N** Complete immersion in Knapheide's electrodeposition prime paint system for superior corrosion resistance
- O** Flat panel space provides rolling billboard to promote business

Since 1848, The Knapheide Manufacturing Company has continued to be an industry leader, with a vast distribution network and expert staff ready to help.

## COMMITMENT TO CORROSION RESISTANCE

Corrosion shouldn't be a concern when you buy quality Knapheide products. To give you the best protection from corrosion, we installed our state-of-the-art, custom-designed electrodeposition prime paint system. Our E-coat system bonds prime paint to steel by an electroplating process, to give you a superior coat of primer resulting in better corrosion protection compared to spraying methods. Complete immersion in our E-coat results in a prime coat that provides the best chemical and solvent resistance. Because of our commitment to corrosion resistance, you should never worry about the quality of your Knapheide products.

- No Rust Through
- Door Hinges will Not Fail or Come Off Body
- Latches and Lock Cylinders will Not Fail to Operate
- Shelves will Not Bend under Max. Load of 250lbs.
