YOUR WORK. YOUR VEHICLE. TRUST

KNAPHEIDE KUV_{cc}

The style and function of a KUV, designed for a cab chassis—the KUV_{cc} is built to get the job done.

Providing both enclosed cargo and internal compartment storage, the KUV_{cc} gives you the most efficient and secure storage possible.

Get the use of a truck and function of a KUV all in one with the KUV_{cc}.

STANDARD FEATURES

- A** Double panel rear cargo doors lock and seal into the body frame. These 20 gauge galvaneal steel doors have nitrogen gas struts, slam latches, and 9"x30" glass windows with guards.
- B** Two conduit chutes to transport copper pipes, PVC, and conduit
- C** Master Locking System for peace of mind, locks down all of the side compartments in one move
- D** Bodies include 250 lb. capacity adjustable divider shelves made of rugged spangled galvanized steel. Divider slots are present on 4" centers. These shelves are covered through Knapheide's six year warranty.
- E** Double spring over-center retainer on all vertical doors eliminates involuntary swing and keeps the door in positive open or closed position. This efficient design works in all temperatures and conditions.
- F** Thick automotive bulb-type neoprene door seals protect compartments from the weather

*Body may be shown with optional features

G Continuous stainless steel hinge for unmatched security and corrosion resistance, backed by Knapheide's six year warranty

H Double-shell, 20 gauge, two-sided A-40 galvaneal steel compartment doors with internal reinforcements for durability and long life

I Refined, automotive quality, paddle activated rotary style latches make opening and closing easy. Low maintenance and stylish, the latches are covered under Knapheide's six year warranty.

Interior covers secure the latch to the door and protects latch mechanisms from being damaged.

J Rugged 14 gauge two-sided A-40 galvaneal steel body shell with a six year warranty. Complete undercoating provides an additional layer of corrosion protection.

K Complete immersion in Knapheide's electrodeposition prime paint system for superior corrosion resistance

L Flat panel space provides rolling billboard to promote business

M Two interior dome lights in cargo area for improved visibility in low light conditions, light switch located inside rear cargo area

N Spacious cargo area for transporting oversized tools and equipment

Other features (not pictured):

- Interior light guards provide protection for recessed lighting and wiring package
- All compartments can be locked independently for maximum security

COMMITMENT TO CORROSION RESISTANCE

Corrosion shouldn't be a concern when you buy quality Knapheide products. To give you the best protection from corrosion, we installed our state-of-the-art, custom-designed electrodeposition prime paint system. Our E-coat system bonds prime paint to steel by an electroplating process, to give you a superior coat of primer resulting in better corrosion protection compared to spraying methods. Complete immersion in our E-coat results in a prime coat that provides the best chemical and solvent resistance. Because of our commitment to corrosion resistance, you should never worry about the quality of your Knapheide products.

- No Rust Through
- Door Hinges will Not Fail or Come Off Body
- Latches and Lock Cylinders will Not Fail to Operate
- Shelves will Not Bend under Max. Load of 250lbs.
