

PLATFORM BODIES

KNAPHEIDE PLATFORM BODIES

Knapheide has been designing and manufacturing Platform Bodies since the introduction of the Model T. Today, Knapheide continues to produce the highest quality platforms available.

With selections tailored to various duty cycles, there is a Knapheide Platform Body for any application.

VALUE-MASTER-X™

Knapheide's most popular platform, the PVMX, is a value-priced standard duty platform with distinctive tail skirt styling. It has been engineered to work in both hoist and non-hoist applications.

PVMX models are available in 7' to 26' lengths and for all size chassis.

*Body may be shown with optional features

STANDARD FEATURES

- Flooring options:
 - Wood flooring 2" nominal treated #1 grade dense yellow pine with tongue and groove construction
 - Smooth steel 10 gauge high strength (50,000 psi yield strength)
 - Tread plate 1/8" tread plate
- · Structural long sills with gusseted cross members
 - 5" on 12' and shorter platforms
 - 7" on 13' and longer platforms
 - 4" for SRW (80 Series) platforms
- Formed 11 gauge high strength (50,000 psi) cross members are spaced on 18" centers for 12' and shorter platforms and 12" centers on 13' and longer platforms

- Side rails and end rails are constructed of formed 12 gauge high strength steel (50,000 psi)
- Reinforced, internal stake pockets are sized to accept 2"x4"
 lumber as well as a wide array of Knapheide side options
- All clearance and marker lights meet FMVSS 108 requirements
- Complete immersion in Knapheide's electrodeposition prime paint system for superior corrosion resistance
- Water-based undercoating on underside of platform
- Durable oven-cured high gloss black finish top coat
- * Chassis-specific models available for Ford Transit and Ram ProMaster chassis cab

CARGO-HAULER™

Knapheide's PCH platform has a robust understructure to withstand tough jobsite applications. The PCH is a heavy duty platform with distinctive tail skirt styling. It has been engineered to work in both hoist and non-hoist applications.

PCH models are available in 12' to 26' lengths and are compatible with dual rear wheel chassis.

STANDARD FEATURES

- Flooring options:
 - Wood flooring 2" nominal treated #1 grade dense yellow pine with tongue and groove construction
 - Smooth steel 7 gauge mild steel (36,000 psi yield strength)
 - Tread plate 3/16" tread plate
- Structural channel long sills with gusseted cross members
 - 5" on 12' and shorter platforms
 - 7" on 14' and longer platforms
- Structural channel cross members are spaced on 12" centers
- Side rails and end rails are constructed of formed 7 gauge mild steel (36,000 psi)

- Reinforced, internal stake pockets are sized to accept 2"x4" lumber as well as a wide array of Knapheide side options
- All clearance and marker lights meet FMVSS 108 requirements
- Complete immersion in Knapheide's electrodeposition prime paint system for superior corrosion resistance
- Water-based undercoating on underside of platform
- Durable oven-cured high gloss black finish top coat

HEAVY-HAULER™

The PHH is Knapheide's most rugged platform, designed to handle the most severe of hauling applications. It has been engineered to work in both hoist and non-hoist applications.

both hoist and non-hoist applications.

PHH models are available in 12' to 26' lengths and are compatible with dual rear wheel chassis.

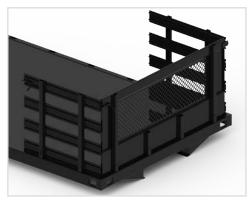

STANDARD FEATURES

- Flooring options:
 - Wood flooring 2" nominal treated #1 grade dense yellow pine with tongue and groove construction
 - Smooth steel 7 gauge mild steel (36,000 psi yield strength)
 - Tread plate 3/16" tread plate
- · Structural long sills with gusseted cross members
 - 5" on 12' and shorter platforms
 - 7" on 14' and longer platforms
- Structural channel cross members are spaced on 12" centers
- Side rails and end rails are constructed of structural C channel steel

- Heavy duty reinforced external stake pockets are sized to accept 2"x4" lumber as well as a wide array of Knapheide side options
- External rub rails constructed of 3/8" steel located on both sides of the platform
- All clearance and marker lights meet FMVSS 108 requirements
- Complete immersion in Knapheide's electrodeposition prime paint system for superior corrosion resistance
- · Water-based undercoating on underside of platform
- Durable oven-cured high gloss black finish top coat

AVAILABLE BULKHEADS

BH SERIES

- Rectangular bulkhead
- Drop in style with punched window
 - Compatible with all platforms, recommended for stake racks
- Bulkhead material: 11 gauge high strength steel (56" models are 10 gauge)
- Vertical post material: 13 gauge high strength steel

BHG SERIES

- · Rectangular bulkhead
- Drop in style with punched window and attached gussets
 - Compatible with all platforms, recommended for stake racks
- Bulkhead material: 11 gauge high strength steel (56" models are 10 gauge)
- Vertical post material: 13 gauge high strength steel

BHR AND BHRB SERIES

- Rectangular bulkhead heavy duty reinforced
- Weld on (BHR) and bolt on (BHRB) style with punched window
 - · Compatible with all platforms
- Bulkhead material: 11 gauge high strength steel (56" models are 10 gauge)
- Vertical post material: 11 gauge high strength steel outer post, 3" structural channel inner post

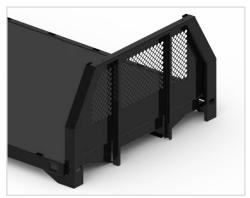

BHTS SERIES

- Westerner bulkhead
- Drop in style with punched window
 - Styled for Westerner
 - Compatible with all platforms, compatible only with 6", 12" and 28" racks
- Bulkhead material: 14 gauge high strength steel
- Vertical post material: 13 gauge high strength steel

BHT SERIES

- Tapered bulkhead
- Drop in style with punched window and attached gussets
 - Compatible with all platforms, not compatible with racks or grain sides
- Bulkhead material: 11 gauge high strength steel
- Vertical post material: 13 gauge high strength steel

BHRT SERIES

- Rectangular bulkhead
- Heavy duty reinforced weld on style with punched window
 - Compatible with all platforms, not compatible with racks or grain sides
- Bulkhead material: 11 gauge high strength steel
- Vertical post material: 13 gauge high strength steel outer post, 3" structural channel inner post

See Platform price pages for model specific information and applications.

^{*}All bulkheads are primed with electrodeposition gray epoxy paint and finish coated with oven-cured black enamel paint.

SIDE ACCESSORIES

STAKE RACKS

Stake racks are compatible with all Knapheide platforms. Choose between interlocking clip or quiet latch stake racks. Racks are completely immersed in Knapheide's electrodeposition prime paint system, and have a black painted finish.

Stake racks are available in 28" or 40" high sides.

SOLID SIDES

Solid sides are compatible with all the PVMX series platforms. Racks are completely immersed in Knapheide's electrodeposition prime paint system. Solid sides can be used for a wide variety of applications.

Solid sides are available in 40" height, 9' and 12' lengths only.

CONTRACTOR FIXED SIDE PACKAGE

Fixed Side Contractor packages are compatible with PVMX and PCH series platforms up to 16' in length. 14" high sides and stake pocket model bulkhead are standard. Tailgate may be lowered and secured parallel to the ground, dropped down to 180 degrees or removed completely.

REFUSE SIDES

Refuse sides are compatible with the PVMX series platforms and the BH4096C bulkhead. Rear doors are equipped with a latch and bail system, pivot up to 270 degrees and can be secured in the open or closed position.

Refuse sides are available in solid or partially punched versions.

CONTRACTOR E-Z LOADER DROP SIDE PACKAGE

Drop Side Contractor packages are compatible with PVMX and PCH series platforms. Each side drops down to a full 180 degrees for easy access. Sides feature 45 degree slatted rub rails. The tailgate is double acting and features a quick release handle for easy operation.

Drop sides are available in lengths from 8' up to 12'.

- Rugged, stable lift arm constructed of 3/4" thick high tensile strength steel
- Patented "Lost Motion Device" provides low mounting height resulting in greater stability
- High pressure, double-acting cylinder(s) for improved control of load when dumping
- Threaded cylinder gland cap prevents cylinder damage in "load over center" conditions

Automatic body bracing positioning

Continuous door seal protects

against water, dirt and dust

3 year warranty

COMMITMENT TO CORROSION RESISTANCE

Corrosion shouldn't be a concern when you buy quality Knapheide products. To give you the best protection from corrosion, we installed our state-of-the-art, customdesigned electrodeposition prime paint system. Our E-coat system bonds prime paint to steel by an electroplating process, to give you a superior coat of primer resulting in better corrosion protection compared to spraying methods. Complete immersion in our E-coat results in a prime coat that provides the best chemical and solvent resistance.

Because of our commitment to corrosion resistance, you should never worry about the quality of your Knapheide products.

- No Rust Through
- Free from Defects in Workmanship
- Free from Defects in Materials

ROUGHNECK TOOLBOXES

- Refined, automotive quality, paddle activated rotary style latches make opening and closing easy. Low maintenance and stylish, the latches are covered under Knapheide's six year warranty.
- Adjustable security ring striker provides strength, security, and weather-tight sealing
- All stainless steel continuous hinge provides superior corrosion protection while offering full length support for the doors and pry proof security

POPULAR OPTIONS

- 10 gauge or 7 gauge smooth steel over wood overlay flooring
- 1/8" or 3/16" steel tread plate over wood overlay flooring
- Apitong hardwood or polyboard flooring in lieu of yellow pine
- Bulkhead models available in 35", 40", 44", 48" or 56" high
- Class V receiver hitch
- Knap Pack

- LED light kits for rear and side lights
- Underbody storage compartment available in 8' or 10' lengths
- Rope hooks located on cross sills for securing cargo
- D-ring cargo tie downs for securing cargo

Since 1848, The Knapheide Manufacturing Company has continued to be an industry leader, with a vast distribution network and expert staff ready to help.

- Rear stake pockets and side rub rails
 - Available for Heavy-Hauler only
