# THE MASTER IN COMMERCIAL VEHICLE EQUIPMENT.

## PROFESSIONAL-GRADE STORAGE, SHELVING, RACKS & BINS

A respected designer, manufacturer, and installer of high quality, professional grade cargo management and storage systems for more than 45 years, Masterack offers an extensive selection of steel, aluminum, and composite interiors, ladder racks, and accessories.

- Racks and Bins with lockable drawers and movable shelf dividers
- SmartSpace™ modular cargo management systems offering shelves, drawers and accessories made from structural foam filled injection molded plastic and aluminum for weight savings
- Steel partitions to protect and secure cargo
- Single or double ladder racks with easy-to-use mechanical assist that lowers ladders within arm's reach for easy operation
- Versatile, lockable 2-drawer storage unit for additional storage space
- Wire mesh window screens for side and rear cargo doors

See dealer for qualifications and complete details.

# STAY ORGANIZED FROM CURBSIDE TO WORKSITE.

## ERGONOMICS & INNOVATIVE DESIGNS IN SHELVING & STORAGE

Sortimo By Knapheide is a strategic collaboration between Sortimo International, a global leader in mobile racking products, with over 40 years' experience in the van interior business and The Knapheide Manufacturing Company, one of the nation's foremost providers of commercial vehicle solutions, family owned for over 165 years.

Together this collaboration is proud to offer an innovative solution for commercial vehicles around the world and be a valued Ford equipment resource for organization, quality and feature-rich concepts for cargo management. Sortimo By Knapheide's van equipment product family is called Exxpand. Exxpand is an easy way for mobile technicians to organize their vans and optimize their operations. The Exxpand product line includes four key components:

- **SHELF STAXX** – Modular, lightweight shelving system with a flexible design allowing for a variety of layouts and configurations
- **BOXxES** – Interchangeable boxes that lock into Shelf Staxx to help with transport and efficient equipment and tool organization
- **PROTEXx PARTITIONS** – Added confidence in the event of an unplanned sudden stop
- **AXXESSORIES** – Hooks, lashing rails, shelf dividers, cable reel and hose holders to customize your storage space for better productivity

# CARGO MANAGEMENT SOLUTIONS FOR COMMERCIAL VEHICLES.

## RUGGED SHELVEING, DIVIDERS & DRAWERS

Adrian Steel offers a complete line of rugged storage and cargo management components to upfit your Transit Connect for your business needs.

From shelving and partitions in a variety of sizes and configurations to trade-specific accessories including tank racks, cable reel holders, vise mounts and tie downs, they have what you need to get the most out of your day at a job site or on the road.

Well into their 6th decade of providing well-designed and rugged cargo management solutions, Adrian Steel is synonymous with toughness and quality, and attention to detail. For example:

- Drawers that stay closed in transit and include anti-slam latches
- Toolboxes that are fully welded for strength and rigidity with automotive grade locks and seals
- Shelving that is both heavy-duty and adjustable; designed for an accurate fit

# INTERIOR SHELVING DESIGNED AROUND YOUR NEEDS.

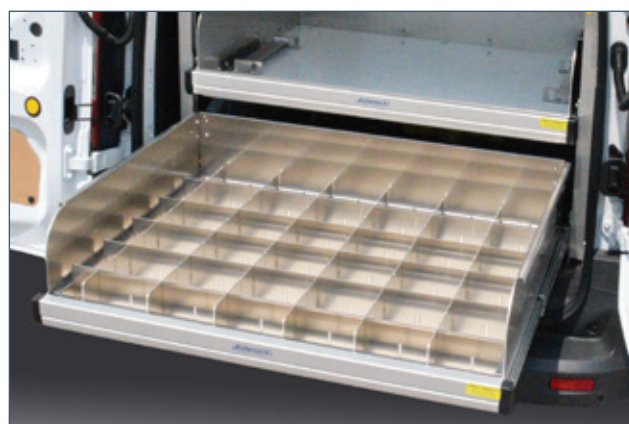

## STRONG, ADJUSTABLE, SPACIOUS

Dejana's Katerack Interior Shelving System was carefully developed to maximize storage space and provide easy access to tools and equipment. No more crawling into the van, or kneeling on an unseen object or tool; pull-out shelves bring everything in easy reach!

Flexible base-level packages can easily be combined with a variety of trade specific upgrades to meet a wide range of needs. Packages are available with two, three, or four heavy-duty pull-out shelves that can be easily adjusted. Additional 6" and 10" deep drawers as well as a variety of drawer inserts and accessories can be added to keep things in place and organized.

And the Side Katerack® package offers easy access to items from the driver or curbside doors. Katerack® features include:

- Heavy-duty pull-out shelves have a 300 pound weight capacity
- Patented design features infinitely adjustable 36" deep shelves with easy-glide side rails
- Shelves feature one-handed, full width grab handle with double locking mechanism to keep shelves secure
- Package can be combined with front wall partition
- Modular shelving packages provide versatile storage systems for a wide variety of vocations
