# CONTRACTOR BODIES

# KNAPHEIDE CONTRACTOR BODIES

Amp up the function of your platform by upgrading to the Contractor Body package.

Storage, access and function are the calling card of this multi-functional unit. Carry and store all you need with the Knapheide Contractor Body.

PCON-12DB-W  
\*Body may be shown  
with optional features

# STANDARD FEATURES

- A** PVMX platform base: 11-gauge high tensile steel strength cross sills on 18" centers with 5" structural C-channel long sills
- B** Side and end rails are constructed of 12-gauge high tensile strength steel
- C** Roughneck Toolboxes: (1) above body and (1) underbody toolbox on each side of the body. Toolboxes include double panel door construction and automotive-quality, rotary-style latches.
- D** Screened window bulkhead is contoured to conform to the lines of the cab, while offering maximum visibility
- E** ICC bumper for underride protection
- F** All LED clearance and marker lights
- G** Material rack is rated for 1,500 lb., is side forklift loadable, has swing-away rear cross bar and removable intermediate cross bars for loading taller items, and has tie down hooks to help secure your items
- H** 15" side and rear stake racks are hinged to drop down 180 degrees for maximum access. Rear stake rack is separated into two sections for additional functionality.
- I** Standard in either white or black finish paint

*Other features not shown:*

- Aluminum tread plate rock guards installed on the front of each underbody toolbox
- Standard with either 1/8" tread plate steel or polyboard
- Full-height tailboard at the rear of the above body toolboxes to separate the bed space
- Electrodeposition prime-paint system provides superior corrosion resistance

## COMMITMENT TO CORROSION RESISTANCE

Corrosion won't be a concern when you buy quality Knapheide products. To give you the best corrosion protection, we utilize a state-of-the-art, custom-designed, 12-step, SST cathodic electrodeposition finishing system, called "E-Coat."

It bonds prime paint to steel by an electroplating process to give you a superior coat of primer, resulting in better corrosion protection compared to spraying methods.

This system allows us to create products with the highest level of corrosion resistance available.

# NEVER SETTLE

If you are going to be a leader, it takes more than building a high-quality product. It means never being totally satisfied with that product, no matter how high quality it may be. It requires constant vigilance and a willingness to take a chance on something new. And it means exceeding expectations every time. As the industry changes, one thing never will—our commitment to making customers like you as productive and efficient as possible. We know you don't settle, and we don't either. That's why we want you never to settle for anything less than Knapheide on the back of your truck.

**Knapheide. Never settle.**
