# KUVcc BODIES

# KNAPHEIDE KUVcc BODIES

The style and function of a KUV, designed for a cab chassis: the KUVcc is built to get the job done.

Providing both enclosed cargo and internal compartment storage, the KUVcc gives you the most efficient and secure storage possible.

Get the use of a truck and function of a KUV all-in-one with the KUVcc.

# STANDARD FEATURES

- A** Double panel rear cargo doors lock and seal into the body frame. These 20-gauge galvanized steel doors have nitrogen gas struts, slam latches, and glass windows with guards.
- B** Two conduit chutes to transport copper pipes, PVC, and conduit
- C** Master Locking System for piece of mind — locks down all of the side compartments in one move
- D** Includes 250-lb. capacity adjustable divider shelves comprised of spangled galvanized steel, with divider slots on 4" centers
- E** Vertical compartment doors employ double-spring over-center retainers for elimination of involuntary swing
- F** Neoprene door seals protect compartments from the weather
- G** Continuous stainless steel hinges are pry-proof and corrosion-resistant
- H** Features double-shell, 20-gauge, two-sided A-40 galvanized steel compartment doors
- I** Automotive-quality, rotary-style latches make opening and closing easy
- J** Features 14-gauge, two-sided A-40 galvanized steel shell
- K** Flat panel space provides rolling billboard to promote business
- L** Two interior dome lights in cargo area with light switch inside the cargo doors
- M** Spacious cargo area for transporting oversized tools and equipment
- N** 9"x30" glass window in front bulkhead positioned to line up with the cab rear window for visibility

## *Other features not shown:*

- All compartments can be locked independently for maximum security
- Interior light guards provide protection for recessed lighting and wiring package
- Electrodeposition prime-paint system provides superior corrosion resistance
- Complete undercoating provides an additional layer of corrosion protection

## COMMITMENT TO CORROSION RESISTANCE

Corrosion won't be a concern when you buy quality Knapheide products. To give you the best corrosion protection, we utilize a state-of-the-art, custom-designed, 12-step, SST cathodic electrodeposition finishing system, called "E-Coat."

It bonds prime paint to steel by an electroplating process to give you a superior coat of primer, resulting in better corrosion protection compared to spraying methods.

This system allows us to create products with the highest level of corrosion resistance available.

# NEVER SETTLE

If you are going to be a leader, it takes more than building a high-quality product. It means never being totally satisfied with that product, no matter how high quality it may be. It requires constant vigilance and a willingness to take a chance on something new. And it means exceeding expectations every time. As the industry changes, one thing never will—our commitment to making customers like you as productive and efficient as possible. We know you don't settle, and we don't either. That's why we want you never to settle for anything less than Knapheide on the back of your truck.

**Knapheide. Never settle.**
