

DEJANA[®]
Truck and Utility Equipment

DuraRac[®] D200
The Work Truck to Tool Box Solution

NEW FEATURES:

- ✓ New non-skid shelving
- ✓ Stronger, more durable, hardwood flooring
- ✓ Redesigned corner frames for added rigidity
- ✓ Enhanced aluminum extrusions

FEATURES

The DuraRac D-Series features a patented design that lets you **slide the entire drawer outside your vehicle** for **easy access** to tools & supplies.

No crawling into the van kneeling on unseen equipment or materials. **Pullout shelves bring everything to you.**

Standard configuration includes 3 commercial-grade adjustable pullout shelves with approximately **32 sq. ft. of storage.**

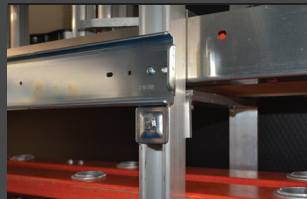

Heavy-duty modular design makes for **extreme versatility** in a broad variety of vocational applications.

4 UNISTRUT SYSTEM

Strength of system enhances structural stability

Rigorous design ensures a correct open every time

Lightweight materials

300 lb. weight capacity per shelf!

Lightweight aluminum extrusions offer durability, flexibility and stability.

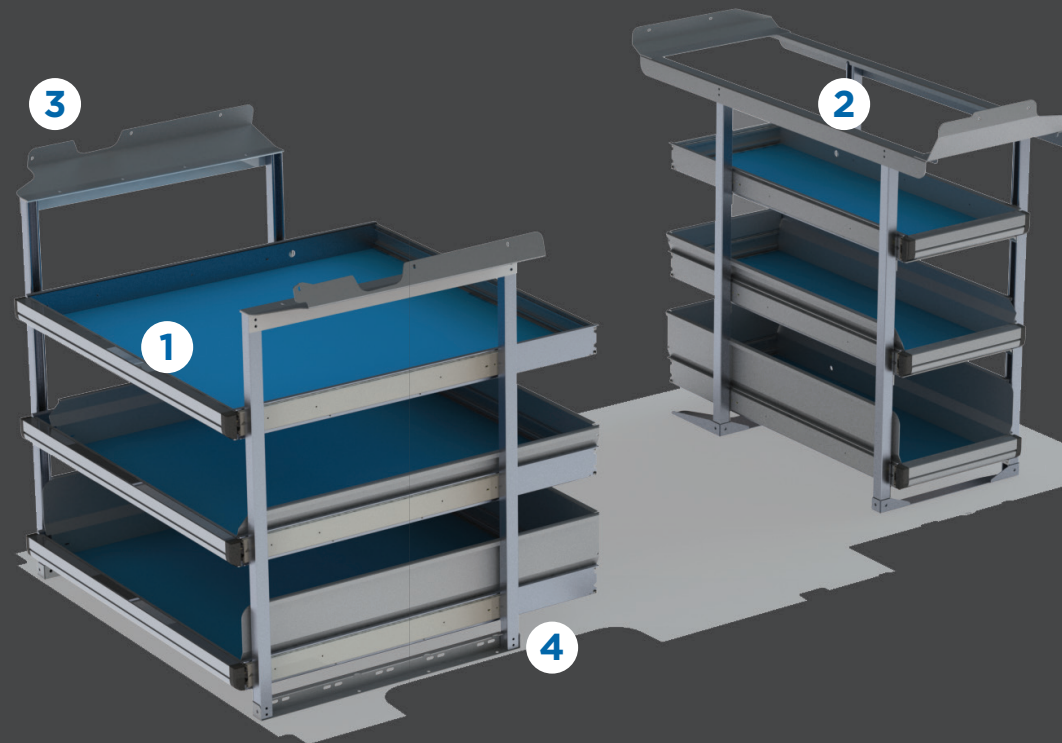

Stronger, more durable, **all birch hardwood veneer** constructed shelf flooring.

Heavy duty Unistrut frame allows customization of storage capacity.

Efficiency through **easy inventory management.**

Double-locking handles keep shelves securely in place.

Shelves utilize full extension, **easy-glide side rails.**

INTERIOR LADDER TRAY

BENEFITS

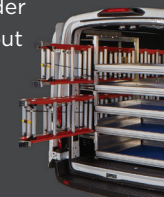

Keeps ladders safe and secure inside the vehicle

Longer life of the ladder by keeping it stored out of the elements

No worrying about clearance heights

Sleeker ergonomics saves money on fuel cost

No additional cost of buying a ladder rack (\$2000+). Adding a ladder rack to a DuraRac system is a fraction of the cost.
