

DEJANA[®]

Truck and Utility Equipment

Fleet & Municipal Equipment

In today's competitive environment, you need an upfit solution that works for your business, your time frame, and your budget. You need Dejana Truck and Utility Equipment Company.

Dejana can be your single-source solution, building you truck equipment designed to your specific needs and delivered with a commitment to superior service that's sure to exceed your expectations.

Founded in 1957 by Peter Dejana, Dejana Truck and Utility Equipment now stands as one of the most-respected full-line truck equipment houses in the industry. Leading fleet owners, major municipalities, utilities and commercial businesses count on our dedicated team to deliver a quality product at a competitive price.

Choose from a wide range of body styles offered from today's top manufacturers and our expert technical staff will help you to customize it to your exact specifications. We'll build your vehicle – then apply a final top coat finish in one of our heated downdraft booths for a distinct, quality look that sets Dejana apart from the competition.

VAN INTERIORS

When choosing the right van interior, the options are simply endless. Our designers are there to make it easy for you to build a package perfectly suited for your business. Choose from an assortment of packages from a variety of manufacturers including our patented Katerack® & DuraRac® shelving systems to increase capacity, maximize efficiency and improve safety.

BOX TRUCKS

Dejana's DuraCube®, DuraBox®, DuraMax® & Step-N-Cube® bodies can be customized for any requirement. Our bodies are manufactured in both aluminum sheet & post and FRP, and are available in lengths of 10' all the way up to 24'. Choose from one of our cutaways or chassis, or we'll build one on yours!

DUMP BODIES

A complete range of commercial, medium and heavy-duty dump bodies are available for class 3-8 chassis specifications. Aluminum, steel and stainless steel bodies can be configured with a variety of options including central hydraulics.

SERVICE & UTILITY BODIES

Open and closed service bodies are a popular choice because of their versatility, convenience and performance. These rugged bodies are designed to withstand even the most demanding work environment while providing safe and easy access to tools and equipment. Let Dejana design the body that is best for your business!

CRANE & BUCKET TRUCKS

If it's lift and reach you need, Dejana can provide the equipment that gets you there safely and easily. Insulated and non-insulated bucket trucks are available with working heights up to 46'. We offer a variety of crane options for truck mounted telescopic and knuckleboom applications to fully equipped mechanics trucks and complete lube systems.

PLATFORM, RACK & LANDSCAPER BODIES

No matter what you are hauling, these bodies can provide the flexibility you need. Available in wood, steel, stainless steel and aluminum these workhorses can also be equipped with hoists for easy dumping and unloading.

SNOW & ICE CONTROL

Dejana's has a huge selection of snow plows & spreaders from industry leading manufacturers such as Fisher, Western, Tenco, Monroe and Bonnell. Dejana specializes in upfitting your truck with the perfect snow plows or spreaders to accommodate all your needs from commercial plowing and spreader applications to heavy-duty municipal applications.
