

Rugby®

Eliminator Medium Duty shown with optional equipment.

READY TO WORK.

> RUGBY ELIMINATOR MEDIUM DUTY

POWERFUL HAULING.

Maximize your payload by matching a Rugby Eliminator Medium Duty dump body with your powerful new cab chassis. The Eliminator Medium Duty has been engineered to haul more when paired with a 22,000 GVWR chassis.

Built with a versatile cabshield option, the Eliminator Medium Duty can adapt to fit on any major OEM's medium duty chassis. Featuring the innovations and top quality you expect from Rugby, this steel dump body is ready to work for you.

ELIMINATOR MEDIUM DUTY

TOUGHER THAN TOUGH.

The Eliminator Medium Duty carries its weight. Featuring the same Rugby reliability and quality you know, the Eliminator Medium Duty is designed to haul a heftier load. Created specifically to fit a larger cab chassis, the Eliminator Medium Duty is the perfect up-size for a user looking to increase their hauling capabilities.

STANDARD AND TALL CABSHIELDS

No matter your cab height, find the perfect fit with our interchangeable standard and tall cabshields.

PATENTED EZ - LATCH™ SYSTEM

Designed for easy body access, our industry-leading latch system allows quick opening and slam-lock operation with a cam action that draws in upper tailgate pins.

CABSHIELD POSTS

Full height corner posts include cut-out for fast installation of cabshield insert. Makes all Eliminator cabshields interchangeable, helping to keep inventory low.

ADDITIONAL OPTIONS:

- Upgrade to 7 GA floor (one-piece)
- 1/4, 1/2, Full Cabshield options (standard and tall heights)
- Spreader Apron
- Coal chute door
- Electric Operated Tailgate Release
- Crossmembers on 12" centers

Note: While the addition of a taller side board allows for some additional capacity, you must follow the maximum weight capacities of your body and hoist. All specifications are subject to change without notice.
