2. Outside height dimensions include the roof crown but do not include the body long sills or chassis sleeper pads.
3. Optional roll up rear door will protrude approximately 1" to 1 1/2" into the top of the door opening when in the up position.
4. Calculated weight based on a generic delivery van body with a tongue & groove plywood floor, fiberglass walk through cap, aluminum roof panel, and 50" wide rear barn doors. All weights +/- 7%.
